

Review of Dynamic Data List Display

When selecting a list

1. This tab menu has another item called "Optional Configuration" (pls have a look at the prototype)
2. This Nabbar shouldn't be here. Pls remove it and the searcher must be put in the navbar near the header.
3. Bold
4. Once pressing save button, the lightbox should close itself automatically.

When selecting a list

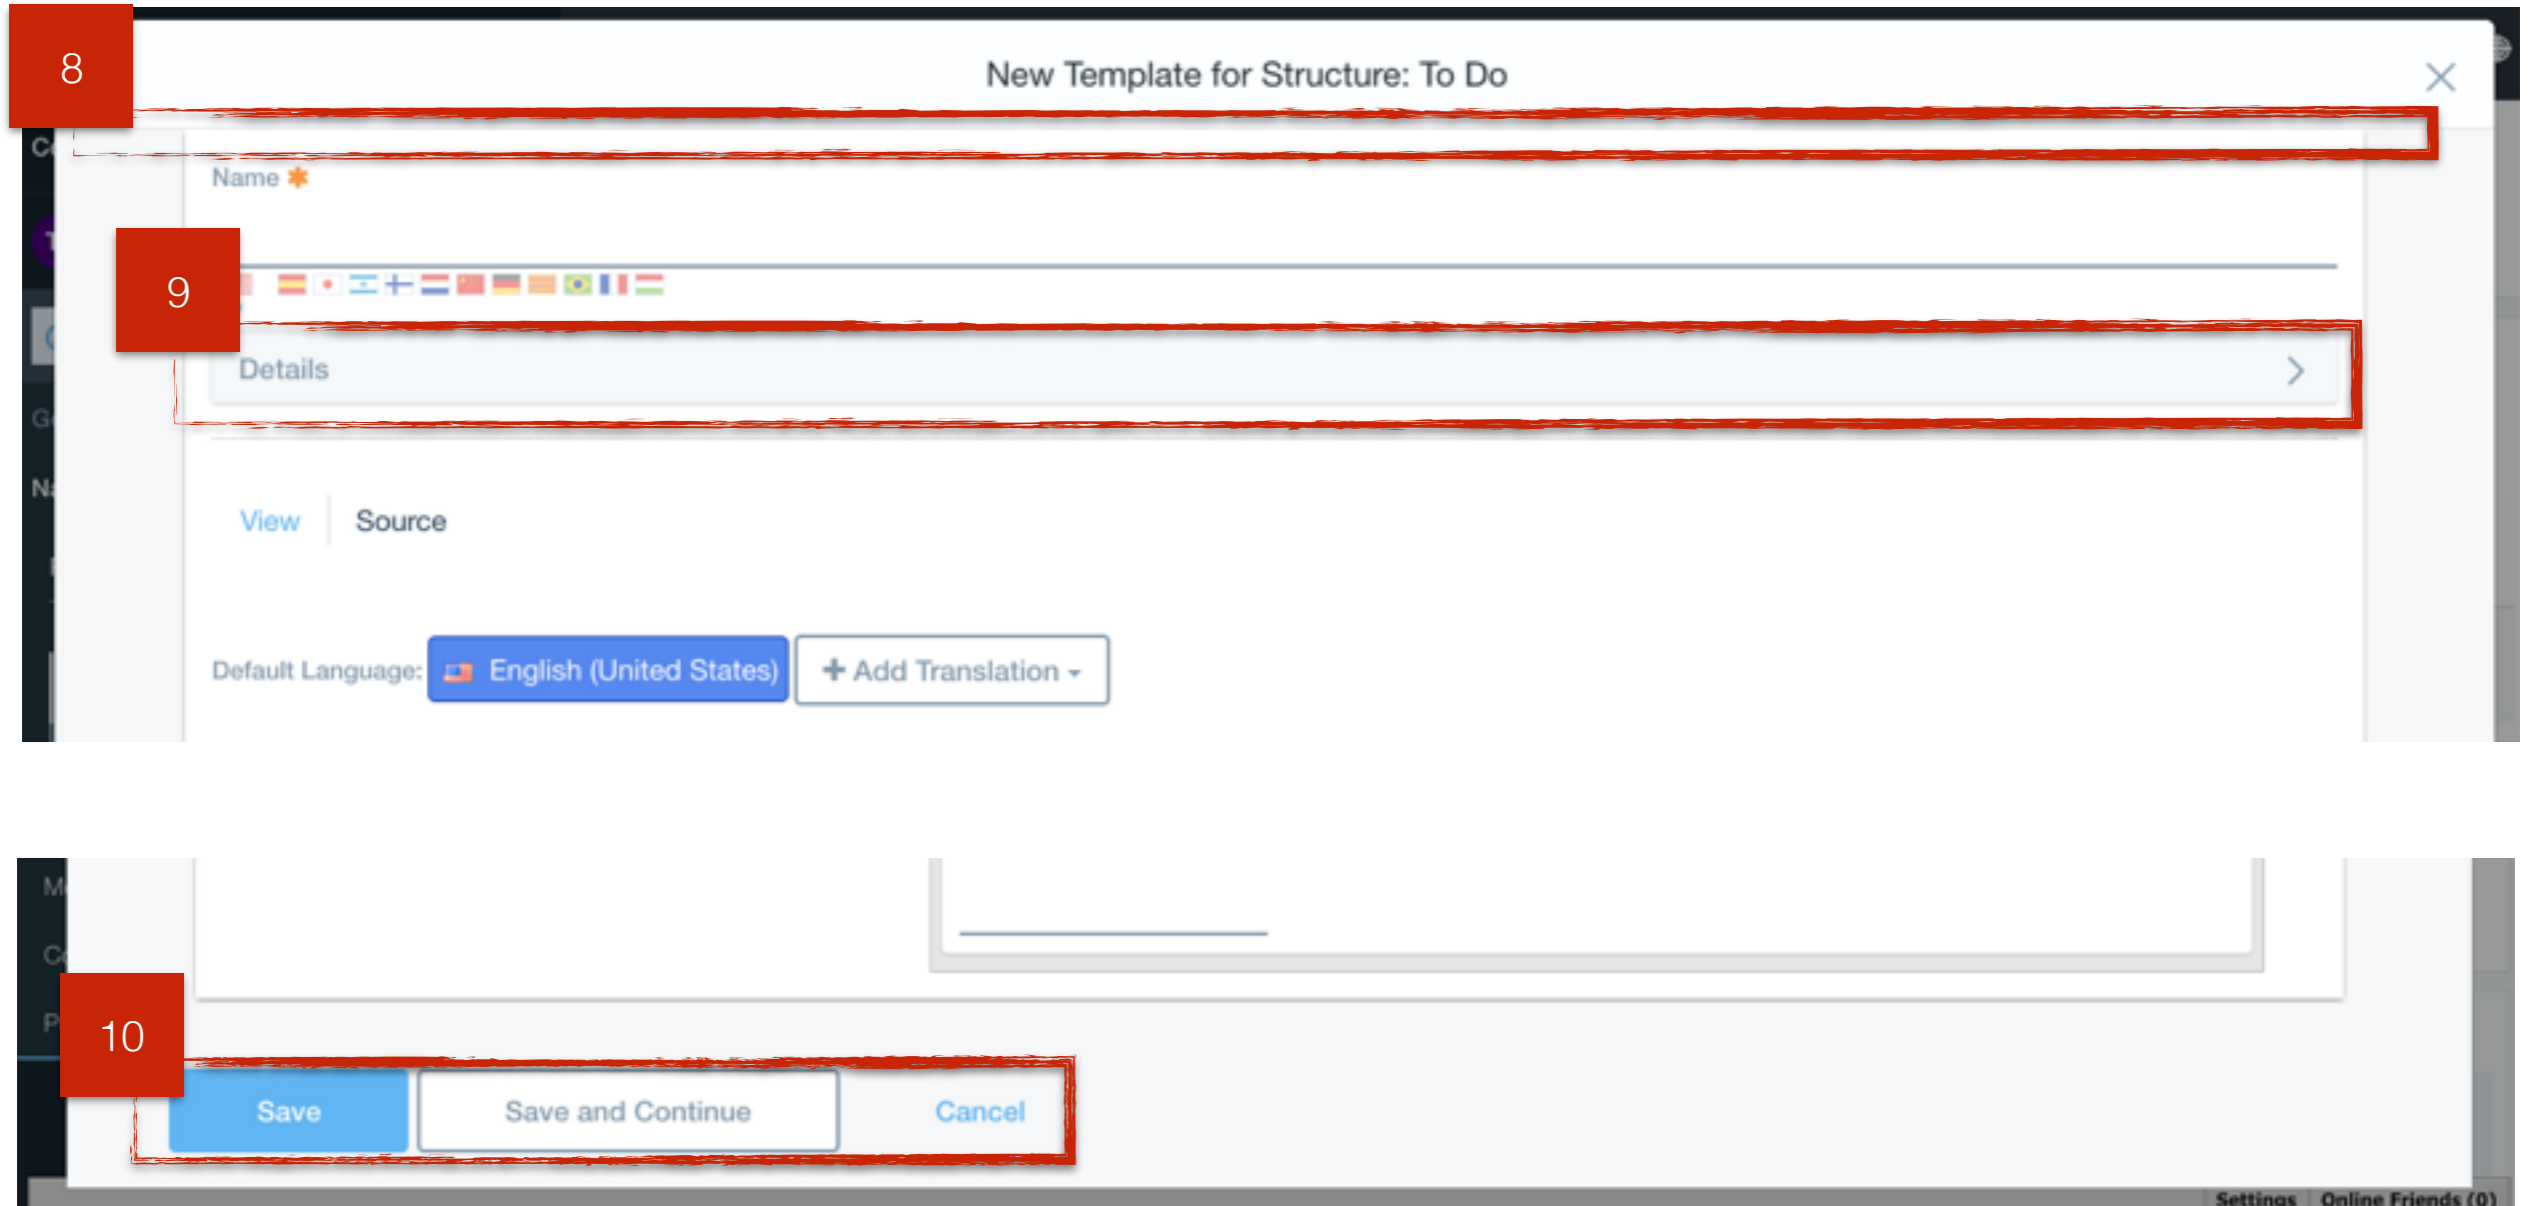

5 & 6. Please, leave a tiny space here between the nabber and the content as It can see in the prototype.

When adding a list

The image shows a dialog box titled "Add List" with a close button (X) in the top right corner. A red box highlights a small gap between the "Name" label and the input field. Below the "Name" field is a "Description" field, and below that is a "Data Definition" field. Each field has a toolbar with various icons, including flags and a plus sign. The "Name" field is currently empty.

7. Please, leave a tiny space here between the nabber and the content as It can see in the prototype.

When adding a list

8. Please, leave a small space here between the nabber and the content as It can see in the prototype.
9. Please, ensure accordions go from the left edge to the right one.
10. These buttons should be fixed on the bottom of the lightbox.
